June, 2020 K.C.R.C.I. Newsletter – India Edition

In February, 2020 Dr. Bhabendra Putatunda and his wife, Dr. Shipra Putatunda, visited India and the K.C.R.C.I. Bangalore office to meet with the India team. While there, they also met with Dr. Rajesh of Shirdi Sai Hospital and visited the dialysis unit in his hospital. Shirdi Sai hospital has done over 1,600 treatments so far this year. The Putatundas had a very productive trip and arrived home just before travel was severely restricted due to the coronavirus.

K.C.R.C.I. is presently working with three hospitals in India that have performed over 2,000 treatments so far in 2020. We serve two clinics in Bangalore, and one in Mysore. We have machines in the U.S. that are ready to ship to India to serve even more people in dire need. We are working to get them shipped as soon as we can work out the logistics. We will keep you up to date on this project.

How you can help K.C.R.C.I. in our mission to help those in need

Please join us in our mission to provide much needed help to people in underserved countries of the world, starting in India. You will not only be helping provide a better quality of life to patients needing dialysis, you will also be saving lives. Contribute by:

Visit our website, KCRCI.org, and contribute using Paypal or send a check to the address above.

Thank you for supporting K.C.R.C.I. and our mission to help people in need!!
